HOW TO CREATE A PLAN:

- 1** Log In to Merchant Portal (merchant.production.splitit.com)
- 2** Click “Create Plan”
- 3** Enter Plan Details
- 4** Customize Installment Options (2 to 12)
- 5** Enter Payment Details
- 6** Submit Plan for Customer Approval

HOW SPLITIT WORKS

- 1** The customer chooses their preferred payment plan from 2 to 12 installments.
- 2** Splitit authorizes the full purchase amount on the customer's existing credit card and temporarily reserves the balance from their credit card.
- 3** The first installment is charged a few seconds after the purchase.
- 4** Splitit charges the shopper's credit card every month until the plan is finished.

PRICING

Splitit provides you with the option to offer your customers from 2 to 12 monthly payment plans. Frontline are on a funded plan, so that means you will receive the funds upfront when your customer makes a purchase.
